These words you're using are so hypocrite.

I'm only doing an act of charity.

An act of eliminating these trash for free.

Hey, demon. You still need a lot?
I'm almost ready. Don't rush me.

When I heard what you said that day I was confused...
But at this point, I don't have anything else left but believing in you

You mean that I'm a demon?
Opens
Thanks for the compliment

I finished. let's go. You don't need anything else, right?
No, I'm fine... But what were you doing? You never took so much time before.

Yes, I've never had a case like this, but...
They are not stupid either

They?
Even though I explained it to you, you couldn't see them. Where was the front door?

'As the Lord is always
with me, I don't have
anything to fear'

Ayuda MOMOREN

Looks like you're in a better mood today than usual.
Huhuhu, of course!
I just eliminated one of those idiots who believe they are following their god's will.

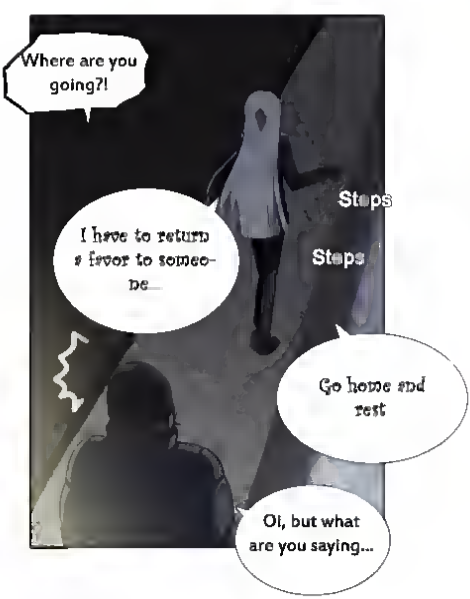
And you keep saying things that I can't understand.
I mean the word of god, its will.

How do they put aside their pride and obey perfectly the will of their god?
That's impossible
I'm agnostic. I don't believe in gods.
You're cooperating with a demon and you're saying you don't believe in a god?
Well, that's because of the circumstances of the moment..

Now that I see, demons reject god, right?
We only reject to coexist with that abomination called angels
From the beginning, angels, demons and humans are only creatures.
But they are walking around saying that they must only follow the will of their god

In other words, they are implementing that someday the creatures will understand what their creator thinks
If the creator notices this, how pleased will he become?

What ..?
Well, I have to go to a place tonight.



Where are you going?!
I have to return a favor to someone...

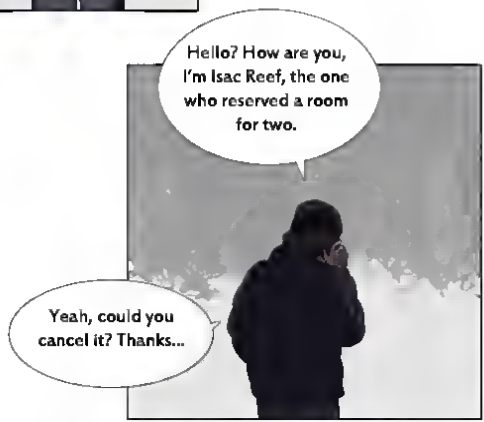
Go home and rest
Oi, but what are you saying...



Hello? How are you, I'm Isac Reef, the one who reserved a room for two.
Yeah, could you cancel it? Thanks...

Now that I see, there was another reason why we shouldn't coexist

Oh

It suits me and it has a good style
Obviously. I will throw this out, okay? This cloth is totally worn out.

Well, that's obvious, as I picked it up from the trash—

Forgive me Sophie... I didn't knew about that...
Don't look at me with those eyes!! You're irritating me!!
Sniff
Do you want to eat something? I will prepare it for you.
I don't need it! Also, my stomach is about to explo-de!

Miss Sophia...
It's dangerous if your stomach becomes inflated. To eject the waste safely, would you like me to take it out from your esophagus?
.....

I understand the functioning of the human body perfectly. If we pressure the stomach..
Camael, shut up.
